# Free audiobooks for children with dyslexia

Calibre Audio is the only national charity in the UK to provide a completely free for life audiobook service to everyone who has a disability that makes reading print difficult.

## Who we help

If you have students with dyslexia, or any other disability that impacts reading\*, they are all eligible to join Calibre Audio for free access to our audiobooks. With many school set texts in our collection, students can listen and read along, so they can keep up with their peers and not fall behind in the classroom.

Whether children are reading for pleasure or education, we have thousands of unabridged audiobooks just for them, ranging from the latest bestsellers (think **David Walliams**, **Malorie Blackman** and **Holly Jackson**) to English lesson essentials (from **Shakespeare** and **Dickens** to **An Inspector Calls** and **Anita & Me**).

Students can listen online with a phone, tablet or computer, or borrow audiobooks on memory stick using our free postal service.

## How it works

- Unlimited borrowing
- Thousands of titles specifically for children and young people, covering KS 1-4, PSHE, GCSE and A-Level texts
- Listen on demand or on memory stick
- New audiobooks added every week
- Free and easy to join

## How to join

Students with dyslexia and other print disabilities can join for free as an individual, or if your school would like to join as a group we can tailor your membership to suit your requirements.

Join online at [calibreaudio.org.uk](https://calibreaudio.org.uk) or call 01296 432 339
