Are you caring for a child or young person under the age of 25 years who has additional care needs?

This may be due to a disability, long-term health condition or mental/emotional health need. This could be diagnosed or undiagnosed.

Do you want to meet other parent carers who may be in a similar situation for a cuppa and a chat in a judgment free space?

Join us on the last Friday of every month at Square 1 Café, Chessington.
Starting January 2024!

FREE tea/coffee and cake included!

12.30PM - 2.30PM
