

Local Offer: Childminders

Special Educational
Needs & Disability

1. Business name and Ofsted number: Wendy Greedy 132854
2. Who is your named Special Educational Needs and Disability contact?
3. Provide a short paragraph about your ethos/mission statement for including children and young people with Special Educational Need and Disability (SEND). How do you aim to meet the unique needs of the child?
I understand that all children are unique and may have specific educational or physical needs and therefore aim to provide an inclusive environment, where all children are encouraged to take part and achieve their full potential.
4. How do you identify that a child is not meeting appropriate age related milestones and what do you do in this case? How do you find out what matters to the child and their family?
Regular observations are carried out and individual learning plans discussed with parents to ensure each child is progressing and their particular interests and needs are being met.
5. How do you promote positive relationships and ensure good, ongoing communication with families? How will families know what progress their children are making, how to access additional support and what they can do at home to help?
Parents/carers are encouraged to discuss any concerns they may have. Regularly updated development plans allow parent to see next steps and provide suggestions about what area of development they believe need support and encouragement.
6. How will you communicate with other providers who care for a child, or with providers who will be caring for the child? How do you support children to experience a smooth transition to school or a different situation?
Links are maintained with other childcare providers, either in person or via written diaries.

7. How do you provide an enabling environment for all the children in your care? Are there quiet areas and fully accessible spaces? What other adjustments can you make? What about the physical environment in and outside your setting?

I provide a good range of resources which are easily accessible and updated when specific interests or needs are identified. Children are able to access different areas to allow for both active and quiet play and there is a fully enclosed garden to the rear with a range of outdoor play equipment.

8. What qualities, skills and experience do you (and your staff) have to support a child's unique needs?

Every child has different needs and I would be willing to undertake any further training a parent/carer believed would enhance the care I could provide for their child.
