 mencap

95% of adults in the UK with a learning disability are unemployed. We want to change that.

## Fair Shot hosts placements on Mencap's Supported Internship Programme

Supported Internships are an alternative to school or college for 16-24 years old with an EHCP. Every year, our Café staff and Mencap's Skills Coaches prepare 15 young adults with a learning disability for the world of work through our hospitality programme. From building confidence to hands-on barista skills, we cover it all!

## Paid Employment

Following the programme, we match our graduates up with like-minded partner employers and help them in the transition into sustainable employment. We offer support such as job carving, job coaching and DEI workshops.

## Mencap

Mencap are partnering their Supported Internship with Fair Shot.
