

## BELS Specialist Team and Whittington Health

# SENSORY AND PHYSICAL INTERACTIVE RESOURCE TRAINING

The **Sensory and Physical Resource Pack** is a resource that will allow you to develop your schools' skills in providing provision for children who are presenting with sensory differences or who need support with functional skills.

*This resource consists of pre-recorded training as well as assessment tools, strategies, and sessions that you can deliver in school.*

The resource has been developed by the **Whittington Health OT Team and BELS**. Training is delivered by the OT team.

*The session on 17<sup>th</sup> April will be a recap on how to use the resource as well as model techniques and strategies included in the resource.*

All schools are expected to attend a session across the next year so book your place early.

*There will be opportunity for discussion and hearing how schools are intending to use the resource as well as be entered into the termly draw for a SENSORY BASED suitcase.*

### Step 1

Sign up to receive the free resource

<https://forms.office.com/e/GHptDh4xUe>

### Step 2

Attend a face to face training session to look at skills and strategies

Session 1: 17 April 09:30 – 11:30 Northside Primary School

2 Albert Street, North Finchley N12 8JP

Book on the BELS Traded Service Portal

<https://www.belstradedservices.uk/>

### Step 3

Start using the resource in school

NB this is free training and it is hoped that all schools will be able to join one of the free face to face sessions offered across the year. Future training sessions will be on Tuesday 17 September 15:30 – 16:30 and Wednesday 15 Jan 2025 15:30- 16:30.
