Introduction

Welcome to Richmond's children's centres

Our children's centres are places where all families with children under 5 years, expectant mothers and fathers, can go to help their children to get the best start in life.

Our aims

- ♣ To promote high quality inclusive education and care from birth to 5 years.
- ♣ To provide all-inclusive opportunities for parents and carers to meet and support each other.
- ♣ To offer support, advice and information to parents, carers and families, through multi-agencies e.g. health visitors, midwives nurseries, pre-schools, schools and family support workers.
- ♣ To support and develop parents and carers awareness of how to become a 'play partner' for their children and how to help their children be ready for school.
- ♣ To promote and support parents and carers in healthy lifestyles and preparing their children for school.

Our objectives

- ♣ To provide well planned age appropriate, all-inclusive sessions and activities to extend children's learning through the Early Years Foundation Stages.
- ♣ To provide an environment that is friendly, relaxed, supporting and welcoming to all families.
- ♣ To have staff who will lead by example and model good practice.
- ♣ To make information available that is clear for parents.

All children's centre sessions have a suggested voluntary donation of £2.50 per family unless otherwise indicated. There is an honesty pot in the children's centres receptions for all sessions. Play passes are available for families where cost may prove difficult, please speak with a member of the team.

Some of our popular sessions that have waiting lists include the:

Paediatric first aid workshops: various days and times, covering infantile convulsions, choking and resuscitation. Booking essential, contact your local centre to place your name on our waiting list.

Baby massage: various days, time and venues. Promotes bonding, attachment and supports baby's digestion. Contact your local centre for further information.
