

# Tower Hamlets Local Offer for Care Leavers 2022-23

## Foreword

We are pleased to launch our 2022 Local Offer for Care Leavers in Tower Hamlets. The Children and Social Work Act 2017 places a legal responsibility on all local authorities to write and publish a list of services that all care leavers are eligible to access after they turn 18. This is called the Local Offer for Care Leavers.

In formulating our local offer together with our Children Living in Care Council (CLICC), we supported our care leavers to develop a “Wish List” of commitments they would like us to make as Corporate Parents. These commitments are very important to us as a council, and we have incorporated these into our offer.

As an engaged and responsible Corporate Parent, we know that we should be as ambitious for our children and young people in our care as we would be for our own children. Thus, we will do all we can to ensure these commitments are more fully and consistently embedded across the council and with external partners. It is our hope that our offer will help to provide all Tower Hamlets care leavers with the best opportunities for achieving lasting, positive outcomes for their futures.

In addition to our offer, we are pleased to launch a Care Leavers App exclusive to Tower Hamlets care leavers, which presents in a quick reference, digital format highly useful information on care leaver rights and responsibilities, available resources, and support, and how these can be accessed. You can download the app at <https://apps.apple.com/gb/app/tower-hamlets-know-now/id1580579894> or <https://play.google.com/store/apps/details?id=uk.gov.clatowerhamlets>.

Finally, it is essential that we offer strong support and advocacy for our care leavers where needed, which is a shared commitment for every employee at the London Borough of Tower Hamlets. We applaud the commitment of our CLICC, staff and partners in developing this offer and look forward to seeing positive outcomes for Tower Hamlets care leavers as they take up the support contained in it.

Yours Sincerely,

**James Thomas**  
**Corporate Director – Children and Culture**

## What is the Local Offer?

The Local Offer gives you information on services available to young people and this booklet has specifically been designed for care leavers.

Even though you have left care, as a young person who has previously been Looked After by Tower Hamlets, we want you to know where and who to go to for advice and help so you feel safe and supported.

The services and support you can access will depend on your status – the table below shows the different categories of care leavers. Please talk to your social worker or personal adviser to find out more about this.

## What is a Care Leaver?

You are a care leaver if you are:

- A young person aged 16 or over who has been looked after by the local authority for a relevant period (currently 13 weeks) since their 14th birthday, and with a period of care taking place on or after their 16th birthday.

You can also find out more about this by using the information on the Coram Voice website page '**Am I a Care Leaver**' here: <https://coramvoice.org.uk/young-peoples-zone/am-i-care-leaver?>

### Categories of care leaver

**Eligible children** - looked after, aged 16 or 17, and have been looked after for a total of at least 13 weeks since the age of 14. This entitles you to an allocation of personal advisor and your pathway plan being reviewed on a six-monthly basis. As you will have an allocated social worker, a lot of the support can be accessed through your social worker.

**Relevant children** - aged 16 or 17, have left care, and at the point you left care were Eligible children. This entitles you to an allocation of personal advisor and your pathway plan being reviewed on a six-monthly basis.

**Former relevant children** - aged 18 - 24 who, prior to 18<sup>th</sup> birthday, were either Eligible or Relevant. This entitles you to an allocation of personal advisor and your pathway plan being reviewed on a six-monthly basis.

**Qualifying children and young people** – aged between 16 – 24, who:

A: Have been looked after following your 16th birthday, but for less than the 13 weeks since your 14th birthday that would make you Relevant or Former Relevant, and who have now ceased to be looked after.

B: You were accommodated in a non-local authority setting or privately fostered over the age of 16.

## Your Personal Adviser

In Tower Hamlets, personal advisers are part of the Through Care Service.

Support from your personal adviser continues up until your 21st birthday and you can ask for support at any time up to your 25<sup>th</sup> birthday.

Up until your 21<sup>st</sup> birthday your personal advisor will be in touch with you at least 6 times a year, or more if needed. You can always contact your personal advisor at any time if you need advice or support.

## Your Pathway Plan

While you are preparing to leave care, you will work on your Pathway Plan with your social worker, and it will be updated by your personal adviser once you leave care.

Your Pathway Plan looks at the things that are important to you as you move towards independence, such as being ready to leave care, where you live, managing your money, staying healthy, employment, citizenship, education and training and your future.

Your Pathway Plan is also your record of the support that we have agreed to provide.

## Financial support

### Living costs for 16- and 17-year-olds

We provide a subsistence payment to cover your daily living costs if you are living semi-independently and unable to claim benefits. If you find it difficult to budget, we can give you a food voucher as part of the payment to make sure you always have enough for food.

### Initial benefits claim

If you are eligible for benefits, six weeks before your 18<sup>th</sup> birthday you will be supported by your Personal Advisor or Social Worker to make your initial claim, often with an appointment at Jobcentre Plus.

If your circumstances change and you become eligible for benefits after your 18<sup>th</sup> birthday, then you will need to make a claim as soon as possible – ideally as soon as you know about the change.

If you do not make a Universal Credit claim when you are eligible to do so we will not be able to assist you financially. We will provide you with a food parcel if you need one to ensure you are not left without food.

If you move from benefits to employment, Universal Credit means there should be no gap in receiving money. Talk to your personal advisor if you have any questions or concerns about benefits.

**Remember:** *You will also need to make a claim for Housing Benefit or the rent element of Universal Credit when you make a claim for benefits so that you do not fall into rent arrears.*

### Important documents

It is important that you have a photographic form of identification, such as a passport or driving licence, and your birth certificate when you leave care. You will usually need these, as well as your National Insurance Number so that you can prove who you are.

When you leave care, you should already have a copy of your birth certificate as well as a renewed passport or a provisional driving licence.

If you need help, we may be able to pay for the cost of 1 passport and 1 birth certificate up until you turn 21. We may also pay for a driving licence if you need it for your employment. If you are an unaccompanied young person and there are immigration issues to be resolved, your personal advisor will help you get the right documentation required to prove who you are.

**Remember:** *Please keep all your documents safe as you will be responsible for paying for any replacements.*

### allowance

If you are aged 16 or 17 and looked after by the Local Authority, you may be eligible for a clothing allowance. Speak to your Social Worker about this.

### Birthday Gifts

You may receive a £30 gift voucher on your 18<sup>th</sup>, 19<sup>th</sup>, 20<sup>th</sup> and 21<sup>st</sup> birthday if you stay in touch with us.

### Festivities Grant

You may receive a £30 yearly festive grant to celebrate one significant religious or cultural event if you are in touch with your personal advisor. This will only apply once per year up to your 21<sup>st</sup> birthday if you stay in touch with us.

## **Savings**

Tower Hamlets Children's Services makes sure that your carer saves £10 a week during the time you are in care. This is to ensure that you have a lump sum of money which you can use in the future. You will not normally be able to access the bank account until you are 18.

Before your 18<sup>th</sup> birthday your Independent Review Officer (the person who chairs your review meetings) will discuss with you how to manage your savings when you turn 18.

## **'MyBnk' – financial education for young people**

If you need support with budgeting, being independent, banking and borrowing 'MyBnk' offer money management sessions. The Money Works programme maps into a range of accredited life skills, money management and employability certificates. If you attend the full programme, you can also qualify for a Level 1 Personal Money Management accreditation.

You can find out more about MyBnk here: [www.mybnk.org](http://www.mybnk.org)

## **Accommodation**

We want to make sure that once you leave our care, we help you find suitable accommodation that meets your needs. We know not all young people will be ready to live unsupported on their own straight away. Your personal advisor will work with you to agree accommodation plans for when you are no longer in care and include them in your Pathway Plan.

At least six months prior to your 18<sup>th</sup> birthday your social worker will need to present your case to the Through Care Service Housing Panel, where you will also have the opportunity to attend and make your views heard.

There are a range of placements in supported housing providing low, medium, and high support depending on your needs. Some information about these is below:

### **Supported Accommodation:**

Some supported housing schemes have 24-hour support meaning staff sleep in overnight, whereas others have staff available during the day only, although there will be an on-call service available off site. You will be placed into the one that best meets your need.

## **Self-Contained Accommodation**

You will be provided with a self-contained flat. Floating support is provided to help you settle into your accommodation and community.

## **Shared Housing**

This is an important step for care leavers, as you will be gaining independence, although support is still available as and when required.

## **University Accommodation**

If you plan to go to university the Leaving Care Service will work in partnership with you to identify the most suitable accommodation. During the summer break, when you are not at university, we will help you find somewhere to live.

## **Emergency Accommodation**

We understand sometimes you may need emergency accommodation. We have a number of short term and emergency accommodations to offer you in this instance.

## **Family home**

If you decide to return to your family home, you will be offered floating support in addition to the support from your personal advisor. If this happens, we will want to ensure there is an alternative plan in case you need one.

## **Council Housing**

Tower Hamlets may also be able to offer tenancies in council housing. The Council's Through Care Service will sponsor you for housing priority. If you have not moved into permanent accommodation within 6 months, then your application will be included on lists for all suitable and reasonable vacant homes that become available.

## **Private Rented Accommodation**

Some care leavers decide to rent privately instead of using the option offered by Tower Hamlets. We will still provide advice and guidance as required and agreed in the Pathway Plan. It is likely your landlord will require a deposit and rent in advance before they will agree to a tenancy. If you are over 18 and assessed as being ready for a tenancy, we will support you to access rent deposit schemes, or if appropriate, you could also speak to your personal advisor about accessing your Setting Up Home Allowance to pay for this.

## **Staying Put**

A staying put arrangement is where you stay in your foster placement past your 18<sup>th</sup> birthday. This decision is made with you and your social worker/s, foster carer, and

personal advisor. If this is agreed for you the longest it will continue is up to your 21<sup>st</sup> birthday.

### **Nomination for permanent accommodation**

If you are eligible to be nominated for permanent accommodation this will be subject to an assessment known as the independent living skills assessment (ILSA) and full completion of the MyBnk programme. The TCS Housing Panel will then review your nomination and approve this. If your nomination is not approved, you will be advised about what steps you need to take to be ready for nomination.

### **Living costs**

As a care leaver you will be expected to claim the relevant benefits to assist with paying your rent.

### **Council tax exemption scheme**

Any care leaver, who has previously been in Tower Hamlets' care, aged 18-25, who lives in the borough and is liable to pay Council Tax, will be able to apply for a council tax exemption. If you live outside Tower Hamlets, Tower Hamlets may pay your council tax on your behalf to the local authority in which you reside. Your Personal Advisor will help you with the application to be exempted from council tax payment.

### **Setting up Home Allowance**

When you leave care and you are assessed as being ready to live independently, you will be eligible for a Setting Up Home Allowance of £3000 (an increase from £2,200), which your personal advisor will help you with to buy essential items for your home.

### **Starter Pack**

When you move into your first non-looked after accommodation, you may receive a one-off payment of up to £200 to purchase essential items such as bedding, cutlery etc.

**Remember:** *When most young people leave home to live independently they cannot always afford everything they need straight away and cannot always afford everything new. Your savings are there for you to use in your transition to independence and into later adulthood.*

## Financial support whilst in education, training and/or employment

### Education Bursary for 16- to 19-year-olds

If you are in education or training your college will be able to let you know if you are eligible for a 16–19 Bursary. Your personal advisor can support you to complete the application if you would like, and they can provide you with confirmation of your status to help with entitlement.

### Grants

Support grant – you may be entitled to receive £150 support grant per financial year, but your attendance will have to be of a minimum of 90% per academic year. This payment would be for essential equipment and resources for your programme of study or training. You will need to provide evidence that you need these items to your personal advisor.

Reward grant - if you have passed exams or completed a course/training you may be entitled to a reward grant. Decisions on reward grants are made by looking at your circumstances as an individual.

Rewards for exam achievements	
GCSE passes A-G	£15.00 per GCSE
One-year courses such as Basic Skills, Entry level, ESOL, GNVQ Foundation, GNVQ Intermediate, NVQ1, NVQ2	£50.00
AVCE, BTEC National, AS/A levels, NVQ3	£100.00 on completion or £50.00 for passing each year.
Life Skills Programme	£20.00
Access courses	£100.00
HND, Degree	£100.00 for passing each year
On graduation	£250.00

### Incentive payment

You could also be entitled to £33 per week incentive payment if you are in education or training. This is subject to meeting attendance requirements and if you are not in receipt of college bursary. You would need to obtain proof of your attendance record provide this to your personal advisor.

## Fares

If you are in education or training, you may be able to get financial assistance with travel costs during your term time to get to/from the address where you live to your place of education or training.

If you are moving from education to employment, we will assist with travel costs to/from your home/place of employment until you receive your first salary payment.

## Support in pregnancy

You are entitled to a maternity grant of £150, eleven weeks before your baby is born if you are aged 16 or 17 and pregnant.

You may also be entitled to a grant of £500 from the Department of Work and Pensions to buy essentials when your baby is born. You can talk to your personal advisor and midwife about these grants and other support that might be available to you.

**Starting university** – please see further information in the section below about financial support for when you are starting university.

## Education, training, and employment

We want you to be able to continue your education or training or find work when you leave care. Below is a summary of the support available to you.

### 18- to 21-year-olds wanting to go to college

You will have the following support available to you:

- Your Personal Advisor will keep in touch with you and review your Pathway Plan to ensure you are getting the support you need.
- Assistance with some expenses for education, training and employment if needed, this may include help with purchasing industry specific clothing for example.
- Universal Credit should be available if you have been in care and remain separated from your family and are in:
- Full time further/non-advanced education - this is up to A-level standard or equivalent or, in direct training for 12 hours a week or more
- In exceptional circumstances we may be able to contribute towards course workbooks, field trips, special equipment or materials, clothing for work experience or job interviews.

## 21- to 24-year-olds wanting to go into education or training

- When you are 21 years old, we will assess your circumstances and offer guidance to you if this is needed until your 25<sup>th</sup> birthday. In respect of education or training this will be offered to you for the duration of your course.
- If you are over 21 and want to go back into education or training, you will be given advice and guidance to consider your options by a personal advisor in the Leaving Care Service. This will include:
  - Suitability of the course.
  - Using any savings you have to support you during this time.
  - Combining work and study.
  - Applying for financial support from charities and trusts.
  - Considering if you are eligible for funding from your employer.
- If we do provide you with guidance after 21, we will also provide you with a Personal Advisor who will update your Pathway Plan with you and keep in touch.

## Support for young people wanting to go to university

Support related to attending university is dependent on eligibility – the information below provides some information about this but please also talk to your social worker or personal advisor.

- You must have completed BTEC level 3 or A-levels and be enrolled on a course of higher education, which includes first degree and higher education qualifications that are over 12 hours per week of study, including some distance learning courses.
- You must commence the course of higher education prior to your 25<sup>th</sup> birthday and have confirmation of your student loan. If you were originally an asylum seeker you must also have confirmation of your immigration status for the duration of your course.
- Your personal advisor will formally authorise any higher education course you have chosen.

### **If you are starting university, you are eligible for the support detailed below:**

- Your personal advisor will review and update your Pathway Plan and keep in touch with you.
- We will provide you an education bursary of £2,000 which covers the duration of the whole course. This will be paid to you in instalments over the course of your degree programme, spread over a maximum of four years.
- We will pay a top-up amount to assist with your living costs whilst at university. An assessment will be carried out to calculate the amount based on your circumstances.
- We can help you with up to £150 (per academic year) to help you to buy books and materials. If your course requires it, we may be able to help you with a laptop in your first year of study.
- If you decide at the end of the first year you are on the wrong course, we may provide an additional year's top-up support subject to assessment for you to change to another course. You will only receive 4 years funding in total.
- If you are unsuccessful in a year of your education, financial support will be re-assessed in your Pathway Plan. A maximum of one year's additional financial support may be provided.

### **Tower Hamlets Virtual School**

The Tower Hamlets Virtual School will provide you with support throughout your education, helping you as you move on to different stages and offering you opportunities to explore different education, training, and employment options as you plan for your future. Your Pupil Education Plan will be a record of how you are supported, including your views about your education and what you want to achieve.

### **Attendance**

If there is any disagreement about your attendance, your personal advisor will ask you to provide a letter of attendance from your Higher Education Institution (for example, your University). If you are not attending your course as set out in your Pathway Plan, we may withhold payment of any bursary and other financial support provided by Tower Hamlets. Where you have been paid but decide not to attend, we would ask for the money to be repaid.

## Additional funding

There are sources of additional funding that you can make use of for financial support, including seeking part-time employment, student loans, grants, and hardship grants. Some universities offer a Care Leavers Bursary or financial support through the 'Access to Learning' fund. Your personal advisor can discuss these with you.

## Support after university

We can continue to offer you advice and guidance, if you want it, up until your 25<sup>th</sup> birthday, for employment, education, or training.

However, when you have completed your university course, if you do not have paid work, you will be expected to claim benefits, unless you are considering going on to a post-graduate course.

If you want to go on to complete a post graduate course, we will offer you guidance to help identify financial support for you to continue your education and will advise you how to access this. We will not be able to pay your fees or living expenses.

## Support for parents with childcare

If you want to access training or education you should find out what childcare support is on offer from your employer, training provider, college, or university.

**Remember:** *All 3-year-olds are entitled to free nursery hours from Early Years Services. In some areas they also offer free provision for 2-year-olds.*

## Apprenticeships

An apprenticeship is a full-time job which combines training and study – you would learn as you earn. Apprenticeship training takes place for a minimum of a year but can last for up to four years depending on the qualification you take.

As a care leaver you need to be aged 18 to 24 and not have a qualification at Level 4 or above to be eligible to apply for an apprenticeship. Level 4 qualifications are above A-levels, and an example is a Higher National Certificate (HNC).

## Custody

We understand that being taken into custody can be a stressful experience and when you are approaching the end of your sentence, you may be worried about where you will live and what you will do next.

You will have access to your personal advisor whilst you are in custody up to your 25<sup>th</sup> birthday if you choose. While you are in custody, we will provide you with £10 a month financial help until your 21<sup>st</sup> birthday. Any benefit payments will be stopped, but your

claim will stay active and in place ready for your release. There are some education, training, and employment opportunities you can explore with your personal advisor such as a referral to St Giles Trust or the Tower Hamlets Workpath.

## Staying healthy

Health assessments are available annually until your 18<sup>th</sup> birthday, which will be carried out by a 'Looked After Children' Health Nurse.

From the age of 14 you can ask for a copy of your health assessment from the Looked After Children's Health Team. You can either request this from your Social Worker or contact the Health Team directly by calling them on 020 8121 4110 or by emailing them at BHNT.LACHealthTeam@nhs.net.

Once you have had your final health assessment (before you turn 18) you will be sent a health summary which will include your immunisation record, a copy of your last health assessment, how to access a GP, dentist, or optician and where to go for health advice and information.

When you turn 18 you will be offered support by your personal advisor to register with a GP and Dentist Surgery in the area where you live.

## Records

You can access your health records via the NHS App if you are registered with a GP. Have a discussion with your Personal Advisor around maintaining confidentiality.

## Eye care

You may be eligible for free eye tests and vouchers towards glasses/contact lenses if you are:

- Aged 16 to 18 and in full time education
- Receiving certain benefits, such as Universal Credit
- On a low income and have a Health Credit Certificate (known as HC2 or HC3 certificate)

## Prescriptions

### Eligibility for free prescriptions

You are eligible for free prescriptions if you are:

- Aged 16 to 18 and in full time education
- Receiving certain benefits, such as Universal Credit
- Pregnant or have had a baby in the last 12 months (you will need an exemption certificate from your GP)
- Receiving treatment in hospital

## **Free Prescriptions via the Pre-payment Prescription Certificate**

If none of the circumstances above apply to you the Pre-payment Prescription Certificate is available for Tower Hamlets Care Leavers up to age 25. The Pre-payment Certificate covers the cost of prescribed medication. Talk to your Personal Advisor or Social Worker to check you are eligible and make an application.

## **NHS Low Income Scheme**

If you are on a low income you might be eligible for a Health Certificate called a HC2 or HC3. This certificate covers prescription charges and other health charges. Talk to your Personal Advisor or Social Worker to check you are eligible and make an application. You can still apply for a PPC while you are waiting to find out about the low income scheme.

## **Pregnancy**

Looked after young people who are pregnant will be referred to the Gateway Midwife who can offer Ante-Natal support. The Family Nurse Partnership Service offers a home visiting programme for first time young mums, aged under 20. A specially trained family nurse will visit regularly, from the early stages of pregnancy until the child is two years old.

More information about the Family Nurse Partnership can be found here: <https://fnp.nhs.uk/>

Your Social Worker can also make referrals to the MASH Team should further support needs be identified.

## **Being Heard**

### **The Children Living in Care Council (CLiCC)**

The CLiCC provides an opportunity for children looked after and care leavers in Tower Hamlets to give their views and shape and influence the parenting that they receive at every level.

The CLiCC makes sure there is a way for young people to communicate directly with senior managers and elected members about the things that matter to them.

Joining the CLiCC is an opportunity to meet new people and make new friends, gain new skills, take part in fun creative activities, and increase your self-esteem and confidence.

## **Advocacy**

As a care leaver we know you may face some challenges and you may want to speak to an independent advocate for advice and support.

This service is provided by the Barnardo's in Tower Hamlets – their contact details are on page 16. You can also talk to your personal advisor if you want to know more.
