Kingston Programme
Children's Centre services
serving: Kingston, New Malden,
Old Malden, Chessington,
Surbiton and Tolworth

Introduction

Welcome to Kingston Children's Centre Services

Our Children's Centres are places where all families with children under five, and expectant mothers and fathers, can go to help their children to get the best start in life.

We are pleased to offer a range of sessions in our centres for the summer term. We have begun building works to Old Malden Children's Centre as part of the first stage of its transition into a family hub. An outreach programme will resume after the half term. Please check individual listings for details and booking information, where applicable.

This timetable will cover

27 to 31 May 2024

Our Aims

- To promote high quality inclusive education and care from birth to five years.
- To provide all-inclusive opportunities for parents and carers to meet and support each other.
- To offer support, advice and information to parents, carers and families, through multi agencies e.g. Health Visitors, Midwives Nurseries, Pre Schools, Schools and Family Support Workers.
- To support and develop parents and carers awareness of how to become a "Play Partner" for their children and how to help their children be ready for school.
- To promote and support parents and carers in healthy lifestyles and preparing their children for school.

Our Objectives

- To provide well planned age appropriate, all-inclusive sessions and activities to extend children's learning through the Early Years Foundation Stage.
- To provide an environment that is friendly, relaxed, supporting and welcoming to all families.
 - To have staff who will lead by example and model good practice.
 - To make information available that is clear for parents.
