How to refer

A referral would need to be completed by your social worker or practitioner within Greenwich Children's Services.

What to expect

Once we receive a referral, we will contact you to offer an assessment appointment to understand the current difficulties.

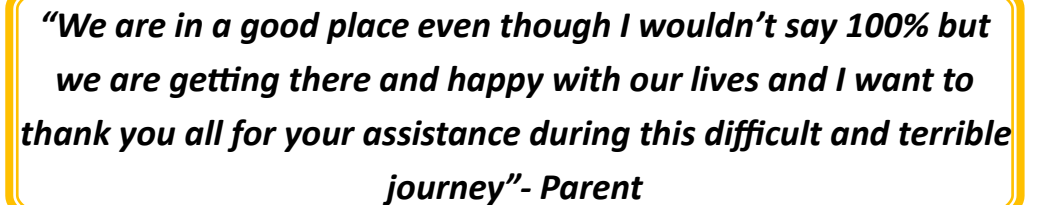

After the assessment, we will discuss what type of support would be most helpful for you and your family.

What we offer

We provide a targeted service for children and young people who, because of their circumstances, may be vulnerable to developing mental health problems.

We will work alongside other professionals involved in your care to increase our knowledge and understanding of your needs.
