

Key questions...does the story match..?

- Is it clear what and why additional provision is being made ?
- Can you make a judgement regarding effectiveness, have the school?
- Does it match with advice from agencies ?
- Does the individual map reflect within the whole school mapping ? Can you understand them ?
- Can you see the cost? Is the additional provision costed reasonably?
- Is there an overlap of provision, are there too many interventions, are these double costed ?
- Does the banding requested match with the individual plan and costs being made ?
- Have you got all the evidence required? Is it realistic, sustainable, sensible, appropriate ?
