Things to take away from the event

What should you do before you visit the fair?

What do you need to do at the event?

Questions to ask

Anything else?

Competitions

Exhibitors

Things to take away from the event

- Quality careers advice from industry experts in the region
- A feel for different courses and careers, through taster sessions and quality experiences
- Access to online resources and specialist local help

What should you do before you visit the fair?

- Find out more about who will be at the fair by:
 - Visiting their website
 - Following us on Twitter @TheKREBP and @AFC_Info
 - Then start practising questions to ask exhibitors

What do you need to do at the event?

- Talk to the exhibitors
- Visit the different stands
- Try the hands-on activities
- Collect information / publicity materials
- Ask questions about the organisation/industry
- Contribute by taking photos of the event and tweeting them using the hashtag #WOW18
- Have Fun!

Questions to ask

- What does your company do?
- What qualifications do I need?
- What training do you offer?
- How much can I earn?
- Do you offer apprenticeships?
- Are there opportunities for a traineeship or work experience placement?

Anything else?

- Have a plan – start thinking about who you want to meet and what questions you want to ask
- Don't be afraid – everyone there wants to meet you and chat about careers and opportunities
- Get involved – this is your chance to have a go and try out your future career
- Don't just collect bags and brochures and leave them forgotten in your room.
- Share the information with parents and friends and they can help you get where you want to go

Competitions

We will be running some competitions and prize draws for students and schools on the day including a Selfie competition so make sure you have your mobile with you!

To enter into our prize draw please ensure that you complete an evaluation form at the end of your visit. We have some great prizes for schools and students.

EXHIBITORS

We have pleasure in listing the exhibitors attending the World of Work Roadshow 2018. Please look through to identify some organisations that interest you so that you can concentrate on them before having a general look around.

Above all, please enjoy yourselves!

Adecco UK Ltd

Adecco UK are part of the Adecco Group, the largest Global Recruitment Agency supporting candidates seeking employment to find their dream job and organisations looking for great candidates to fill new positions and vacancies they might be hiring for.

Notting Hill Housing - Construction Training Initiative

We offer work placement opportunities and support in the construction industry through the Construction Training Initiative (CTI).

Since 1995, Notting Hill Housing has worked with around 25 other housing associations to pool resources together and offer unemployed people the chance to become skilled tradespeople in the construction industry, through the CTI.

We offer paid work experience and apprenticeships for over 18's

Apprenticeships and Entry Level roles Offered

Apprenticeships in Construction for over 18s

Work Experience and Taster Days

Paid Work Experience available for over 18s

Industry Sector(s)

Construction

Orange Tree Theatre

The Orange Tree is an award-winning professional theatre, just a minute away from Richmond station. We produce new plays and rediscover old ones. We work with 10,000 people in our local community each year, and invite everyone to come and explore our unique theatre space to find out more about what we do.

Apprenticeships and Entry Level roles

Unfortunately we do not offer apprenticeships, but we have many other opportunities and events for young people from 7 – 19 year olds to get involved with.

We make sure everyone can take part in all activities at the Orange Tree. Please see below for more information on specific opportunities:

- We have a large Youth Theatre programme which ranges from ages 7 – 19, which anyone is welcome to sign up to.
- We run a Young Technicians programme for ages 12+, giving you a chance to come and learn technical skills from our theatre professionals.
- Each year we run two, week long Summer Schools for ages 7 – 16.
- We offer access performances – captioned and audio-described performances.

We offer relaxed performances for an autism friendly audience, or for anyone who would benefit from a more relaxed environment.

Work Experience and Taster Days

As we are a small theatre with a small in-house team, we currently do not have the capacity to offer extended work experience placements, however we do offer work experience days during the summer term – more information on these days will be available on the day.

We offer volunteering placements with our Front of House team for evening performances too – for more information on this, see our website <https://www.orangetreetheatre.co.uk/opportunities/volunteering>

Industry Sector(s)

Education/STEM

We're the UK's largest water and wastewater company, serving 15 million customers each day across London and the Thames Valley. Each day, through innovative new ideas, we're improving our technology and taking on exciting new challenges to improve our customer service and make us the best in our industry.

Apprenticeships and Entry Level roles Offered

We Offer Electrical & Instrumentation and Mechanical & Electrical apprenticeships. They're all hands-on roles that support the day-to-day running of our business and enable us to deliver the vital services we offer.

Industry Sector(s)

Engineering / STEM / Utilities

The British Army

A sense of belonging may sound like a small thing. Yet it fuels you as much as food and water, because it doesn't just feed your body, it feeds your mind and soul.

Sure, you could look for belonging in a football team or club, but the sense of belonging you'll find in the Army – well, that's the next level.

Apprenticeships and Entry Level roles Offered

Apprenticeship Level 2

Level 2 apprenticeships are equivalent to five good GCSE passes.

Advanced Apprenticeship Level 3

Level 3 apprenticeships are equivalent to two A-level passes.

The Army offers apprenticeships in many careers, including:

- Engineering
- Information and Communications Technologies
- Construction
- Storage and Warehousing
- Driving
- Pre Hospital Emergency Care
- Animal Care
- Catering

New programmes to fit with Army training are being developed all the time.

The Metropolitan Police

The Metropolitan Police Service (MPS), formerly and still commonly known as the Metropolitan Police, formally called the Metropolitan Police Force, and informally referred to as the Met, is the territorial police force responsible for law enforcement in Greater London, excluding the "square mile" of the City of London, which is the responsibility of the City of London Police.

The Met also has significant national responsibilities, such as coordinating and leading on UK-wide national counter-terrorism matters, and the protection of the senior members of the British Royal Family, and also members of The Cabinet and other ministerial members of Her Majesty's Government.

As of March 2016, the Met employed 43,272 full-time personnel. This included 32,125 sworn police officers, 9,521 police staff, and 1,626 non-sworn police community support officers. This number excludes the 3,271 Special Constables, who work part-time (a minimum of 16 hours a month) and who have the same powers and uniform as their regular colleagues. This makes the Metropolitan Police the largest police force in the United Kingdom by a significant margin, and one of the biggest in the world.
