Barnet SEND Newsletter

Summer 2018
Issue 1

In Barnet, we have a shared approach to recognising and addressing the needs of those children and young people who have any additional needs.

Across Family Services, Education and Health, and with a wide range of other partners, we are jointly committed to working towards the notion of a "Family Friendly Barnet". This is across all of our services and in making sure that parents, carers and young people know what is going on and how best to get involved and influence the way services are planned, delivered and evaluated.

With this in mind, as well as the excellent work which some of you are involved in through Barnet's Parent Carer Forum, we have now agreed to produce a regular newsletter. This is the first edition and will outline what is currently taking

place in the world of Special Educational Needs and Disabilities, advise you of any engagement or consultation activities taking place and give you information about any reports or evaluations that have been undertaken.

We are always interested in the views of our parents, carers and children and young people. If you would like to make a contribution to a future issue of this newsletter or have any ideas on what you would like to see in it, please contact SENDLocalOffer@Barnet.gov.uk.

Kay Matthews, Chief Operating Officer
(Barnet Clinical Commissioning Group, CCG)

Chris Munday, Strategic Director of Children and Young People (Barnet Council)
