

News update – July 2019

Another fantastic year comes to an end...

- * It has been another action-packed term! Pupils at Vauxhall went to the London Aquarium for a WOW start to their 'under the sea' topic, whilst pupils at Walworth experienced a real flight simulator as their start to the topic 'gateways to the world'. Pupils also competed maturely and confidently at our highly successful sports day.
- * Our Year 5 pupils have been busy preparing for their transition into Year 6 at our Walworth site. Pupils in Year 9 have also been readying themselves for their move to our Kennington site in September. At the same time, Year 10 pupils have been making excellent impressions on their wide-ranging work experience placements, including in law, construction and higher education.
- * We are delighted to announce that from next year, we will be offering a fourth pathway option at Kennington; GCSE art & design will now be available alongside construction, catering and music technology.
- * We are welcoming a second therapy dog to our Vauxhall site! Dougie (right) will join us alongside Louis to spend time with pupils to encourage emotional regulation, empathy and to help pupils develop a greater sense of trust and self-worth.
- * May I take this opportunity to wish you all a safe, relaxing (and slightly shorter!) summer holiday.

Mr Foster, executive headteacher
