Getting Your Education, Health and Care Plan - How was it?

You have recently received your Education, Health and Care Plan (EHCP)

Your plan should:

- *Describe your hopes and goals*
- *Describe the help you need to reach your goals*
- *Explain how you will get the help you need*

It is important you take part in writing your plan and that your hopes and goals are included in the plan.

Managers at Achieving for Children want to find out what it was like for you getting your first plan. We will then know if there are things we need to make better to be sure that getting a plan is a good experience.

Please answer this form to tell us how getting your plan was for you.

We will keep your form safe and will not share your details or answers with other organisations.

We have a statement about how we use and keep information safe called a 'Privacy Notice'. You can read it here:
