

## A voice for children and young people in care

### How cicc can help you

CiCC lets young people come together to talk about being in care, what's good and what can be changed. The CiCC takes up concerns with decision-makers who are responsible for the services you get, such as health, education, training, employment and a place to live.

Join the CiCC blog **MY VOICE**,  
ask a question or post a message  
on [www.Backchatonline.org.uk](http://www.Backchatonline.org.uk)
