

# Notes for Teacher/TA

- This powerpoint should be delivered before playing the game. This is so:
- -The students understand how to play the game
- -The students understand the terms/images that are included
- -Students are provided with the opportunity to discuss some of the key terms they may or may not have heard during this time.
- Please read the clues on the Bingo game first so that you are able to use some of the same key words in your explanations of each term.

# Coronavirus Bingo

Who has heard of or played Bingo?

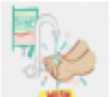

How do you play the game?

What are the rules?

# Rules of Bingo

- .You all have a different card with 9 different images.
- .I am going to read a clue that links to one of the images.
- .You have to look at your card and see if any of your images match the clue I have read out.
- .If you think one of your images does, you must cross it out.
- .If you get 3 crosses in a row (up/down, across, diagonal) you must shout out "BINGO."
- .If your whole card (all 9 images) are crossed out, you must also shout out "BINGO."

Washing hands 	Hug 	Thank you 
Face mask 	Social distancing 	Soap 
Coughing and sneezing 	Snot 	Tissue 

Washing hands 	Hug 	Thank you
