

New provision for children with special educational needs – additional option

July 2020

The Royal Borough of Windsor and Maidenhead is proposing to open new facilities for children with special educational needs.

We're proposing to open new Resource Bases, attached to schools, for children with social communication difficulties and related behaviours.

We have been running a public consultation on five options, but during the consultation, a sixth option has been suggested. This is to open a Resource Base at South Ascot Village Primary School.

We now want your views on this additional proposal.

You can respond online at: <https://rbwm.afcinfo.org.uk/pages/local-offer/information-and-advice/send-consultation-hub-and-resource-bank/consultations>

Responses about this sixth option must be received by Friday 31st July 2020.

South Ascot Village Primary School

South Ascot Village Primary School is located in Ascot, and is a school for children aged 3 to 11, including its nursery class. South Ascot Village Primary School is a community school.

The school are prepared to consider either an SEN Unit or Resourced Provision. Children attending an SEN unit will spend more of their time in the unit, but will still attend some mainstream classes in the school. Children attending Resourced Provision will be able to spend most of their time in mainstream classes at the school. The will spend some time receiving extra support in the provision itself.

There is enough space on site for the new facility, and we are working with the school on plans for where it could go.

The proposal will only result in a maximum of ten additional children at the schools, so there will be minimal impact on traffic and parking.

View of the Headteacher and Governing Body at the both school:

“We believe passionately in our school and its community. We believe that South Ascot Village School (SAVS) is a special place; a school which truly values each and every individual. We care for everyone; children, adults and parents alike. Our diversity is our strength and as we support each other’s dreams and ambitions, desires and aspirations, we will, as a united team move, ever forward, toward being an outstanding provision for all of our families and children.”
