The power of experience

barnet

We, as Young Barnet, together with Barnet Together partners want to continue to build on our ethos of Generous Leadership and encourage all our members and partners to do the same. We want everyone to commit to being Generous Leaders - to be generous with their money, time, support, skills, information, resources, power, and in recognising the contributions of others.

Generous leadership creates that space to motivate, inspire and empower all of us to do more within our communities, it allows us to trust and collaborate so that our residents are the true beneficiaries. We know that together we can help create safer, stronger, more connected communities in Barnet, so all our residents thrive.

**Working towards a Stronger, Safer, More Connected Community!**
