

The staff were amazing

Thank you!!! This has made the summer holidays significantly easier and the kids have had a great time, mixing with new friends too.

It was nice to attend a group when you don't feel your child is being judged because there is disability and your child is happy, safe and free to explore and make friends

Staff were lovely - children loved it.

I think it is wonderful that you are making this happen for children.

Thank you so much, it meant the children did things they could not have done without FUEL. I am so grateful

The fuel programme has been amazing, we would of spent majority of our time at home isolated with little activities to do. One of my children has SEN needs and I believe this will make a huge impact on the return to school.

My kids were happy attending the club they loved the activities and staff. The kids said we stayed active with loads fun and made new friends

this opportunity was a godsend in the summer holidays very safe and secure environment so parents feel safe in knowing that children cared for

It's been a blessing having this program. My kids have absolutely loved it and I can't speak more highly of this program.

Just wanna say what an amazing welcome my son got when he 1st arrived he normally a nervous child but him seeing all the smiling faces off the staff he went straight in and enjoyed everything and even come out saying mum when can I go again

FUEL programme is excellent, it gives my kids the chance to join the great camps which they wouldn't go otherwise. Both of my kids enjoyed the sessions a lot, thank you so much to FUEL organisation and all the staff, I really appreciate there is a programme like FUEL, hope FUEL programme can carry on in the future.

The chance for my son to attend has been amazing and something completely unachievable for us without this scheme for which we are very grateful. He had an amazing time. Particularly loved the forest school experience and the freedom to explore outside.

He enjoyed all sessions so much and it gave him so much confidence

My girls loved it. All coaches were great and very welcoming

My daughter absolutely adored going out to these activities she made so many friends and enjoyed having so independent time alone, loved receiving a sticker for being an amazing dancer, I also loved the fact that they could choose what to do. The best thing was the balloon magician, blew our minds with the amazing balloon animal she came home with.

The funding made a huge difference not only to boys but also to me as I was able to work without them interrupting me. Also thanks to the funding the boys felt entertained enough from the football school and were happy to just add local bike rides, walks or just being in the garden without the need to do something which cost money.

My daughter thoroughly loved the opportunity to socialise and take part in activities and sports with a variety of other children and the fantastic staff who ran the club

The kids had an amazing time and I wish I had booked them on more and sooner.
