# NHS Priorities 22/23

---

- <https://www.nhsconfed.org/publications/202223-nhs-priorities-and-operational-planning-guidance>.
- Delay in implementing ICS until July 22.
- 6/10. Improve mental health services and services for people with a learning disability and/or autistic people – maintaining continued growth in mental health investment to transform and expand community health services and improve access.

# Learning Disability and/or Autism Transformation : Principles.

---

Autistic people and their families and carers must be at the centre of everything we do

Focus on people's strengths to overcome barriers and thrive in the community

Guidance, information and support must be easily available to all

The right support at the right time

Delivering transformation requires action and leadership from all stakeholders

# Enablers

---

- National Strategy for Autism
- NHS Long Term Plan
- Children and Families Act
- Care Act
- Development of the Integrated Care System
- Serious Case Review findings
- Population Health Management approach
- Address health inequalities
- Autism networks- CRAE, PLASN, APPGA

# Themes of the Long Term Plan

---

- Improving understanding and acceptance of Autism in society
- Improving children and young people's access to education and supporting positive transitions into adulthood
- Supporting more autistic people into employment
- Tackling health and care inequalities for autistic people
- Building the right support in the community and supporting people in inpatient care
- Improving support in the criminal and youth justice system

Improving quality of mental health treatment and support for autistic people.

# I Thrive Next Steps

---

## **Series of WEBINARS and INITIAL MAPPING: Held in Nov/Dec 2021**

- Brought partners together to understand what the Thrive framework is
- Agreed to genuine engagement & co-production in designing a K&R approach

## **Series of WORKSHOPS: To be held between January and March 2022**

- To map our current service and partnership offer
- To understand our current pressures, service gaps and worries
- To work up an agreed priority list across all stakeholders

## **Series of DISCUSSION MODULES: To start in February 2022**

- Leadership, operational, clinical and stakeholder themes to be agreed with partners
- Rebranding and redescribing our local emotional & mental health offer
- Whole system thinking within a Thrive Framework (from universal to specialist services)
- Train the trainer type approach so that these can continue and transition into action learning sets

# Local vaccination position for Children and Young People

---

- <https://swlondonccg.nhs.uk/your-area/kingston/kingston-covid-19-vaccination-programme-update/>
- 12-15 year olds, mixed offer vaccination centres and special schools.
