

Pool Together

**Connecting
Hartlepool**
through the
Power of
Our People

Pool Together is a simple and ambitious idea.

That if we all take tiny steps of kindness, we can help our town and ourselves.

We're a partnership of individuals, agencies and organisations from across Hartlepool who want to light a spark in every corner of the town, and remind our communities of how strong and resilient we are when we come together in kindness and friendship.

Whether you're lending a hand, sharing a kind word, or simply flashing a smile, you're helping make Hartlepool a better place for everyone.

So, let's come together Hartlepool!

Please join in, step up and be a positive part of our community!
