

HARTLEPOOL BE HUMAN CO-PRODUCTION LAB DAY

*“Nothing about us
without us is not
enough anymore.
We are designing how
power is shared.”*

This is not a consultation.

We want to work with you to share ideas about how the council:

- recruits staff
- buys (commissions) services that support people
- can improve services within Hartlepool

Together, we will explore how things can work better and how we can influence change.

Who can come?

- People who use support
- Family members and carers
- People with lived experience
- Anyone who wants to help improve how staff are recruited and services are provided

What we will do

- Talk about what being treated as human means
- Share good and bad experiences
- Design ideas for attracting and keeping good staff
- Create ideas for better services
- Build proposals to send to Hartlepool Council

Seaton Carew Community Hub, Station Lane, Hartlepool, TS25 1BN

Monday 13th July 2026

10:00am to 2:30pm
