

Blue Rose Thinking CIC
Centre for Independent Living
Burbank Street
Hartlepool
TS24 7NY

Our main activity is our inclusive community choir that aims to support people who are experiencing feelings of loneliness and social isolation.

Action 1

Ensure staff and volunteers understand the impact of living with Dementia on people and families

We will ensure our staff and volunteers undertake awareness training, if they haven't already.

Action 2

Welcome people living with Dementia and their Family/Carers to our choir

Everyone who accesses our choir has some form of support need, no-one is treated differently.

Action 3

We will promote that we are a Dementia Friendly organisation

Through our services, Hartlepool Now and social media.
