

## VOLUNTEER AND HELP COMMUNITIES ACROSS HARTLEPOOL TO THRIVE

Giving just a small amount of your time can make such a big difference to someone's life and the community they live in.

If you have a couple of hours or more to spare, we have lots of interesting volunteering opportunities in unpaid roles across the town.

Not only will you be helping local communities to flourish, you'll broaden your own skills and experience and make new friends ...

**We're looking for volunteers from all walks of life to do lots of different things like:**

- **Being a Digi Buddy to help people gain digital skills**
- **Helping in a coffee bar or community kitchen**
- **Running a poetry or reading group**
- **Outdoor environmental work**
- **Assisting Hartlepool's Street Ambassadors**
- **Helping with a beach wheelchair scheme**
- **Supporting beach cleans and litter picks**
- **Helping with surplus food distribution**
- **Running children's play activities**
- **Helping in Community Hub Central's new Fab Lab technology suite**

So if you live in Hartlepool, have some time on your hands and are excited about helping others, we'd love to hear from you.

You'll be joining a great team. We can provide training and it might even help you gain the experience you need to find your ideal job.

To find out more call Tracy Harvey, Volunteer Coordinator at Hartlepool Borough Council's Community Hubs:
