Improve our understanding of Dementia and create more Dementia Friends

Ensure our Carers who have been trained in Dementia and our office staff receive a Dementia Friends training session as well and become Dementia Friends.

Spread the word

Get our internal Champions to get two local businesses each to become Dementia Friends.

Promote local initiatives

We will use our Facebook and Twitter profiles to promote Dementia Awareness, encourage people to become Dementia Friends and promote local events.

Forget me nots

We will ask our staff, service users and their families to participate by creating the 'forget me nots' read for Dementia Awareness Week.

Funding

We will fundraise in advance of Dementia Week.
