How can your organisation help to support people with dementia and families?

We will promote dementia awareness with our staff so that they can recognise and assist members of the public who are living with dementia and encourage them to visit our centre.

Action 1

Our manager will arrange for all staff and volunteers to attend awareness sessions on dementia to ensure greater understanding of the condition and how we can help.

Action 2

To raise awareness with tenants. To share information about Dementia Friendly Hartlepool in the shopping centre newsletter to tenants.

Action 3

To promote being part of Dementia Friendly Hartlepool, sharing information with tenants.
