Early and evening explorers

SEN exclusive hours at London Transport Museum

For families with Special Educational Needs (SEN), including Autistic Spectrum Disorder (ASD), we are opening outside our regular hours on seven special days. Enjoy the Museum at a quieter time, free from the general public, and with many of the gallery sounds turned off.

Explore our All Aboard family spaces in peace. Have a go at our holiday activities. Get hands-on with genuine parts of transport history. Or make use of our Sensory Bags to support exploring the collection.

Admission

Under 18s go free; adults pay standard entry rates (see website for details).

Advanced booking is highly recommended as places are limited.
